

APChemi

Changemaker Pyrolysis & Pyrolysis Oil Purification Technologies

Value Proposition

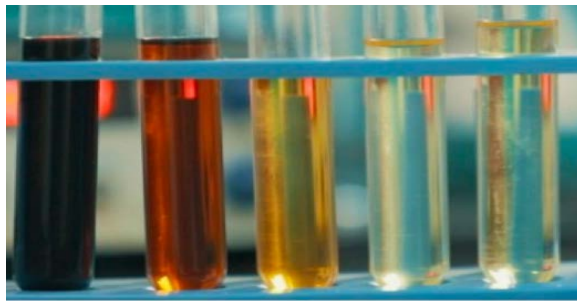

- Plastic/Tyre Waste to Blue H2, SAF, Diesel, Naphtha, Circular Plastics, Bitumen
- Biomass Waste to Green H2, Biofuels, Biochar
- Patent Granted Pyrolysis and PyOil Oil-Clean-up Technologies (12 Patents, 4 Granted)
- Recycling Solar Panels and Windmill Blades

Clients and Partners

- Pyrolysis Projects
- Petrochemicals and FMCGs for plastic circularity and decarbonisation
- City councils for plastic waste management and decarbonisation
- Users of biochar & biofuels

Solutions

- Plastic/Tyre/Biomass Pyrolysis
- Pyrolysis Oil Purification
- Plastic to Bitumen
- Purified Pyrolysis Oil
- Biofuels, Biochar
